6:30 pm	Welcome and introduction
6:35 pm	**Dr Kayvan Arashvand** *Cataract Surgery in 2026: Beyond Simply Removing the Cataract*
7:30 pm	Interactive case discussions and Q&A
8:00 pm	Networking and further discussion
8:20 pm	Closing remarks, sponsor acknowledgement and evaluation
8:30 pm	Event concludes

LEARNING OUTCOMES

By the end of this education session, participants should be able to:

1. Describe contemporary advances in cataract surgery and how these influence patient outcomes.
2. Compare available intraocular lens options and identify factors influencing their suitability for individual patients.
3. Recognise appropriate indications for cataract surgery and discuss patient expectations, benefits and potential risks.
4. Apply appropriate referral and shared-care pathways between GPs, Optometrists and Ophthalmologists.

PRESENTER

Dr Kayvan Arashvand

Join Dr Kayvan Arashvand for an engaging evening exploring how modern cataract surgery is transforming visual outcomes, including intraocular lens technology, personalised surgical planning and the opportunities available to patients beyond traditional cataract removal.
