

GP Education

Advanced Skin Cancer Surgery Workshop

excisions, margins & flap repairs

North West Private Hospital is very pleased to invite you to an advanced skin cancer course for GPs with Plastic Surgeons **Dr Lily Vrtik** and **Dr Matthew Peters**.

To maximise this learning opportunity, GPs are required to have a minimum of basic suturing skills, including deep dermal sutures and corner stitching.

PROGRAM

6.00pm Registration and dinner

6.30pm Discussion and workshop

This is an advanced skin cancer workshop directed at GP's who have had experience with skin cancer excision and are interested in something more than just simple excisions. This is a practical session involving hands-on activities on pig skin, with excisions and principles of flap repairs. This session will also focus on the indications for advanced repair techniques, and the new item number restrictions on these procedures.

8.30pm Evaluation and close

4 Category 2 QI&CPD points

It's easy to register
