Wendy Bierer on 0419 201 105

## Program

**6.30pm** Registration and dinner

**7.00pm** Presentations

**Updates in the management of common liver disease cases - alcoholic liver disease, fatty liver disease and drug induced liver disease**

Dr Charlotte Knox - *Gastroenterology and hepatology*

**Pancreatic cancer – GP perspective**

Dr Anubhav Mittal - *General surgery – hepato-pancreato-biliary surgery*

**Uncovering GI pathogens and the gut microbiome with MetaPanel™: Metagenomic GI pathogen assay**

Adj Clin Assoc Prof Michael Wehrhahn -  
*Microbiology, Douglass Hanly Moir Pathology*

**9.00pm** Evaluation and close

## Learning outcomes

- Outline the current management of alcoholic liver disease and when to refer to a specialist
- Identify the investigations and scans and when then should be performed to diagnose pancreatic cancer
- Describe role/appropriate use of MetaPanel™

Proudly sponsored by
