PROGRAM

6.00pm Registration and dinner

6.30pm Round table, case-based discussions:

Useful imaging to order for hips and knees

Dr Joe Stevens, *Orthopaedic Surgeon*

Neck vs shoulder pain - what is it?

Dr Will Talbot, *Orthopaedic Surgeon*

When knee pain isn't a meniscus tear:

Five cases every GP should recognise

Dr Chris Vertullo, *Orthopaedic Surgeon*

8.30pm Close

LEARNING OUTCOMES

- Select appropriate imaging for common hip and knee complaints.
- Distinguish neck-related pain from shoulder pain
- Recognise key non-meniscal causes of knee pain and know when to refer.
