PATHOLOGY

Greenslopes Private Hospital
Part of Ramsay Health Care

Dr Brad Armstrong
MBBS, FRANZCOG

Dr. Brad Armstrong grew up in Brisbane and trained locally at the University of Queensland Medical School. During his specialist training, Brad worked all over Queensland from Brisbane to the Torres Strait and he received his fellowship in

obstetrics and gynaecology in 2009. He is the Director of Obstetrics at Greenslopes Private Hospital. www.bradarmstrong.net

Dr Amie Hanlon
BSc (Hons), MBBS, FRANZCOG

Dr Amie Hanlon's interest in obstetrics and gynaecology began in her early years of medical school. Dr Hanlon completed her internship and resident years at the Gold Coast Hospital, Southport and the Mater Hospital, Brisbane. She returned to the

Gold Coast Hospital in 2010 to commence her training, which she continued at Toowoomba Hospital, Mater Hospital and Royal Brisbane and Women's Hospital. Her interests and professional knowledge span all areas of obstetrics and gynaecology.

However, she has a special interest in adolescent gynaecology. www.amiehanlon.com.au

Dr Bryan Kenny
B App Sc Optom (Hons),
MBBS (Hons 1), FRANZOG

Dr. Bryan Kenny realised his passion to pursue a career in medicine in 2001. He graduated with First Class Honours from the University of Queensland in 2004. In 2007, he commenced his training in obstetrics

and gynaecology, rotating through Toowoomba, Mater and Logan Hospitals and gaining invaluable experience in the management of high-risk and complicated pregnancies. His final years of training were spent at Logan Hospital where he held a position as a part time Staff Specialist. www.bryankenny.com.au

Dr Ken Law
MBBS (Hons), FRANZCOG

Cherished by his patients and respected by his colleagues, Ken is an experienced obstetrician and gynaecologist known for his meticulous attention to detail and professional personalized care based on individual needs. He has treated thousands

of women, guiding them through pregnancy and the childbirth experience, and helping women battle difficult gynaecological conditions such as chronic pelvic pain and infertility. He has special interests in IVF, endometriosis, prolapse and keyhole surgery. After completing his specialist training in Brisbane, he undertook an Advanced Laparoscopic Fellowship in Sydney. He was appointed Clinical Assistant Professor at the University of Hong Kong in 2010, where he accumulated invaluable experience in open, laparoscopic and robotically-assisted surgery. Ken is a proud father of 2 children, and also speaks fluent Cantonese.

Dr Melissa McKenzie
B Sc, MBBS (Hons), FRANZCOG

Dr Melissa McKenzie completed her medical degree with honours at the University of Queensland in Brisbane in 2005 and was awarded her Royal Australian and New Zealand College of Obstetricians and Gynaecologists fellowship in February 2014.

Specialising in obstetrics and gynaecology, she provides quality care for women of all ages and at all stages of life. She has a special interest in high-risk obstetric patients and spent three years in tertiary hospitals in Queensland pursuing this interest. Before joining Greenslopes Obstetrics and Gynaecology, she spent 18 months as the Senior Registrar and Royal Brisbane and Women's Hospital.

Dr Dora Ng
MBBS DRANZCOG FRANZCOG

My interest in Obstetrics and Gynaecology developed early during my medical studies. I obtained my DRANZCOG in 2008 and will complete my Fellowship (FRANZCOG) in February 2018. I have been fortunate enough to train at a number of top Queensland

hospitals – including QEII, Mater Mothers, Logan, Rockhampton and Redland Hospitals. Six months of my training was conducted at the Maternal Fetal Medicine unit at the Mater Hospital where I expanded my interest into high-risk obstetrics.

Dr Hayley Peckston
BSc, MBBS, FRANZCOG

As a specialist obstetrician and gynaecologist, Dr Hayley Peckston provides care to women of all ages and through different life stages.

Dr Peckston's obstetrics specialties include pre-pregnancy, early pregnancy complications, antenatal care, management

of high-risk pregnancies and pregnancy complications, management of labour and delivery, and postnatal care.

hayleypeckston.com.au

Dr Brad Robinson
MBBS, FRANZCOG, Masters of Reproductive
Medicine (UNSW), Grad Dip Comms, BBus

Brad has a wealth of experience caring for women through pregnancy, labour and delivery – including complicated pregnancies.

Brad has managed the safe delivery of more than 1,000 babies and is well known

for his friendly and patient-focused care. Brad has special interest in management of pelvic organ prolapse, urinary incontinence, menopause, and fertility. Brad has undertaken two additional years of specialised gynaecology training in urogynaecology and advanced laparoscopic surgery. He is a contributor to a number of media sources online and on the radio, including being the expert obstetrician for newbornbaby.com.au. www.bradrobinson.com.au

Dr Heng Tang
MBBS, FRANZOG

Dr. Heng Tang has extensive experience in the management of normal and high-risk pregnancies. Heng obtained his MBBS at the University of Queensland in 1994 and received his FRANCOG in 2007. Heng is a senior lecturer for the medical school of

both Queensland University and Griffith University, and an examiner for DRANZCOG. He has a special interest in minimal invasive, incontinence and pelvic floor reconstructive surgery and performs total laparoscopic hysterectomies. www.hengtang.net
