

# Just Kidding Paediatrics for GPs

## Session 4: Haematuria, hip dysplasia, dealing with uncertainties

### PROGRAM

6.00pm Presentations and discussion

**Sorting out gross haematuria**

Dr Dylan Wilson, Paediatrician

**Dealing with uncertainties**

Dr Lionel Lubitz, Paediatrician

**Hip Dysplasia**

Dr Mike Wong, Paediatrician

7.00pm Evaluation and close

### LEARNING OUTCOMES

- Identify the urgent causes of gross haematuria and refer appropriately or consult first if unsure
- Develop an approach to the child with an uncertain diagnosis which may include consultation and consideration prior to sometimes unnecessary or traumatic investigations
- Always consider and exclude developmental dysplasia of the hip/s in a child with a possible hip problem

*It's easy to register*

**Online** <https://www.pindaraprivate.com.au/For-Doctors/GP-Events>
